YER TALENT DEVELOPMENT

In partnership with:

YER TALENT DEVELOPMENT PROGRAMMES

YER Talent Development Programmes are an ideal combination of working at the best companies and training at the best certified training centres. Since you are fully employed in a specific role, they are more efficient that a standard traineeship. Here is an overview of the advantages:

LEARN & WORK EFFICIENTLY

You train to perform in a specific role at YER's partner training institutes and universities of applied sciences

At the same time, you gain work experience with a client from our network, reaching full professional status within two years

New Heroes e-learning

modules let you
work on your
competences
whenever and
wherever
you like

You compile your own curriculum from the soft & business skills training courses for allround professionals offered by Boertien Vergouwen Overduin You attend peer review and group coaching sessions to learn from the practica experiences of fellow trainees

FOCUS WITHOUT WORRIES

You attend oneon-one coaching sessions with a personal coach to help your development

YER offers a salary and benefits that are at least equal to those of the organisation where you work

The programmes are market-driven, so your professional skills will be much in demand

You reach full professional status within two years – noticeably faster than with a standard traineeship/entry-level position

On completion, 95% of our professionals join the organisation where they have gained work

Since 2017, YER's training programmes have helped more than 550 talents get off to a flying start in their career. Will you be next? Visit the website, check out the programmes and sign up:
